

CEMA Racing

17th June 2023 the start of the Namibian Championship for karting Leg 5 in Windhoek. For Rok this is the Fifth race and championship in Namibia.

We had 4 Kid Rok and 3 Mini Rok karters. The day started with very cold temperatures, but the kids were ready.

The 4 kids in Kid Rok were very close to each other during the race, Hermann Schouw had a good Race and was very fast.

Kristopher Koudelka (16) came first overall, he kept his cool in the last heat and did a good job, Hemann Schouw (15) came second overall, Petrus Du Plooy (36) (Mr Consistence) came third overall with Milla Botha (5) in 4th.

In the Mini Rok Class Cecil Jnr was flying with a PB time of 40.21 sec around the track Kirsten Koudelka came 1st overall, Well done to here. She is improving in every race.

Cecil Koorts (44) came second overall, he had an engine problem in heat 1 but in heat 2 and 3 he was flying. Our new driver for the day is Markus Koudelka, he came 3rd, but for his first race he did very well.

Our 4th race Joane Kotze could unfortunately not race as she burned her arm a week before the race, we wish her a speedy recovery.

We at Cema Racing are busy with a development lady driver that will be racing in her first event on the 15th August 2023.

We have 4 female drivers at the moment and hope we can get more in our Rok classes.

Our next race is on the 12th August in Swakopmund. We hope to have at that race 4 Kid Rok and 6 Mini Rok karters.
